2.1 — Pulse, Beat, Tempo, Time, and Meter

A — Identify Beats (1 Q, 1 pt)

Listen to these three excerpts, and determine which one is most likely to represent *six beats*, given what was said about beats in the lesson. (You might want to turn your volume way up!)

A. Click to Play B. Click to Play C. Click to Play

Question 1

Which of the examples above is most likely to be six beats?

A. B. C.

B — Tempo in BPM (2 Qs, 1 pt each)

Choose the best response to the following questions.

Question 1

Which of these following tempos is the same as one beat **per second**?

90 72 120 60

Question 2

Which of these tempos if they were heart rates would **not** signify a problem?

20	312	110

C — Associate Meter Types to Time Signatures (6 Qs, 1 pt each)

In the questions below, you are given either a time signature or a kind of meter. Select the meter that describes the given time signature, or the time signature that is an example of the given meter.

Question 1

Quadruple

$\frac{2}{4}$	$\frac{2}{2}$	$\frac{3}{4}$	$\frac{4}{8}$

Question 2

$\frac{3}{4}$

Quadruple	Duple	Triple

Question 3

$\frac{4}{2}$

Triple	Quadruple	Duple

Question 4

Duple

$\frac{4}{2}$ | $\frac{3}{2}$ | $\frac{2}{4}$ | $\frac{3}{4}$

Question 5

$\frac{2}{4}$

Duple | Quadruple | Triple

Question 6

Triple

$\frac{2}{2}$ | $\frac{4}{4}$ | $\frac{2}{4}$ | $\frac{3}{2}$

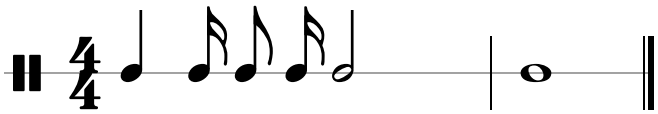

2.II — Note and Rest Types, Symbols, and Values

A — Identify Types of Note (3 Qs, 2 pts each)

Give the **name** of the duration for each of the following notes. Put a space between each note. You may use the following abbreviations:

- w = whole
- h = half
- q = quarter
- 8 or e = eighth
- 16 = sixteenth
- 32 = thirty-second

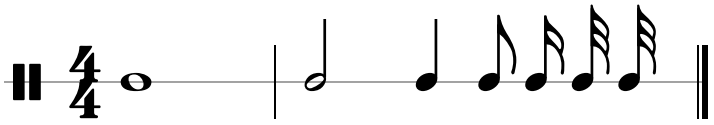

Question 1

Question 2

Question 3

B — Identify Types of Rest (3 Qs, 2 pts each)

Give the **name** of the duration for each of the following rests. Put a space between each rest. You may use the following abbreviations:

- w = whole
- h = half
- q = quarter
- 8 or e = eighth
- 16 = sixteenth
- 32 = thirty-second

Question 1

Question 2

Question 3

C — Match Notes to Rests (8 Qs, 1 pt each)

Match the following notes with their corresponding rests (or if given a rest, give the corresponding note).

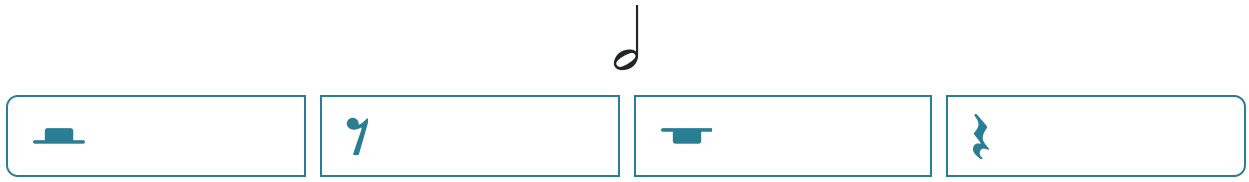

Question 1

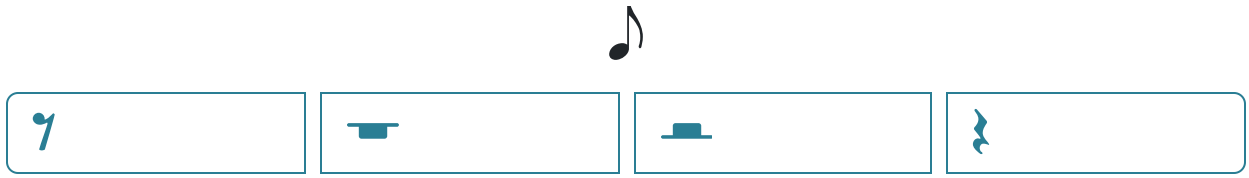

Question 2

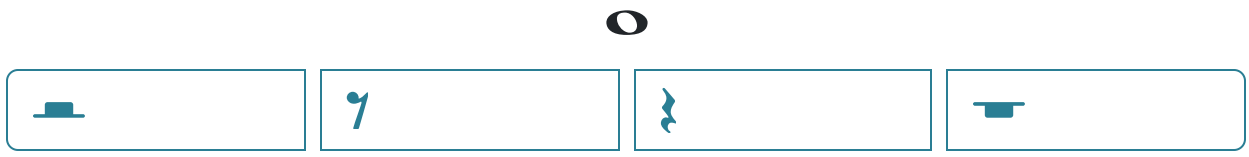

Question 3

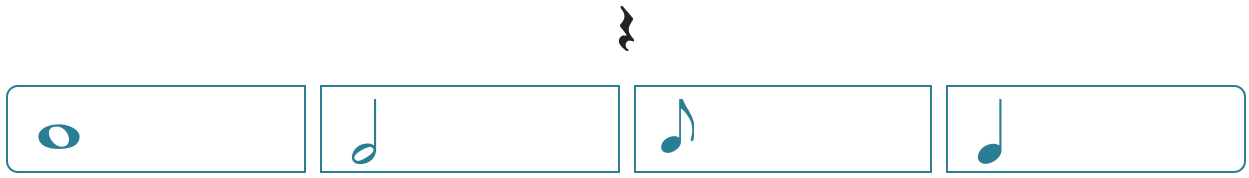

Question 4

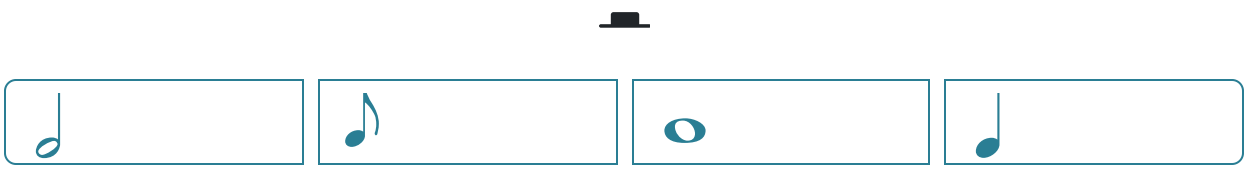

Question 5

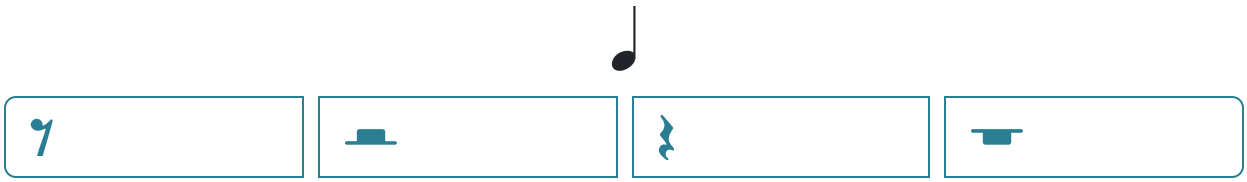

Question 6

Question 7

Question 8

D — Add Values of Equivalent Durations (8 Qs, 1 pt each)

In the questions below, work out how many notes of one duration are equivalent to a given number of notes of another specified duration.

Give each answer as an Arabic numeral or as a fraction; e.g. “2” or “3/4” (not “two” or “0.75”).
e.g. For the question “1 ♩ lasts how many 𝅗𝅥?“, write ”**1/2**”.

Question 1

1 𝅝 lasts how many ♩?

Question 2

4 𝅘𝅥𝅯 last how many ♪?

Question 3	Question 4
2 ♪ last how many ♩?	**4** ♩ last how many 𝅝?

Question 5	Question 6
1 𝅗𝅥 lasts how many 𝅘𝅥𝅯?	1 𝅘𝅥𝅰 lasts how many 𝅘𝅥𝅱?

Question 7	Question 8
1 𝄻 lasts how many 𝅘𝅥𝅱?	**4** 𝄽 last how many 𝄻?

E — Find Equivalent Durations with Dots (6 Qs, 1 pt each)

Continue with the same types of questions involving augmentation dots (including double dots).

Question 1	Question 2
1 ♪. lasts how many 𝅘𝅥𝅯?	1 ♩.. lasts how many 𝅘𝅥𝅯?

Question 3	Question 4
1 𝅝. lasts how many 𝅘𝅥𝅯?	1 𝅗𝅥. lasts how many 𝅘𝅥?

Question 5	Question 6
2 (two) 𝅗𝅥. last how many 𝅗𝅥 . ?	1 𝅘𝅥𝅯. lasts how many 𝅘𝅥𝅰?

2.III — Notating and Counting Beats in Simple Meters

A — Decipher Time Signature Denominators (6 Qs, 1 pt each)

Decipher these time signatures and give the note type that will get the beat in each case:

Question 1

$\frac{4}{8}$

quarter | sixteenth | eighth | breve

Question 2

$\frac{2}{4}$

- eighth
- whole
- quarter
- half

Question 3

$\frac{3}{16}$

- thirty-second
- sixteenth
- eighth
- half

Question 4

$\frac{4}{32}$

- quarter
- whole
- three halfs
- thirty-second

Question 5

$\frac{4}{1}$

- whole
- half
- eighth
- quarter

Question 6

$\mathbf{C}$

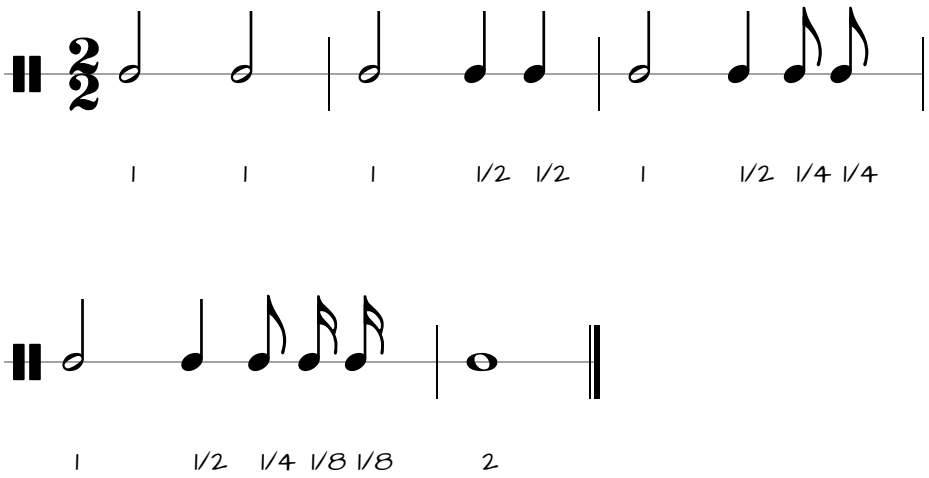

- eighth
- half
- quarter
- sixteenth

B — Express Note Lengths in Beats (3 Qs, 2 pts each)

Give the length in number of beats for each of the following notes.

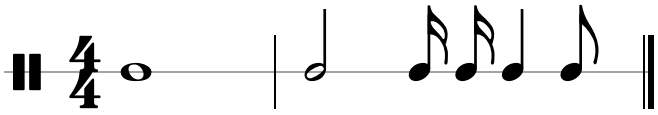

Example

Example

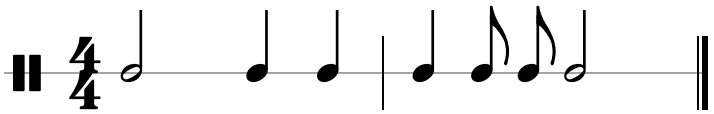

Example: 1 1 1 1/2 1/2 1 1/2 1/4 1/4 1 1/2 1/4 1/8 1/8 2

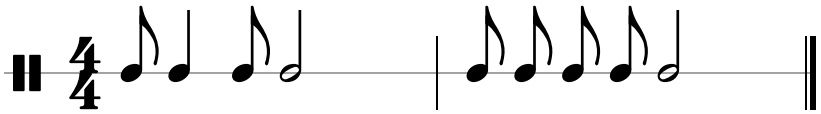

Question 1

Question 2

Question 3

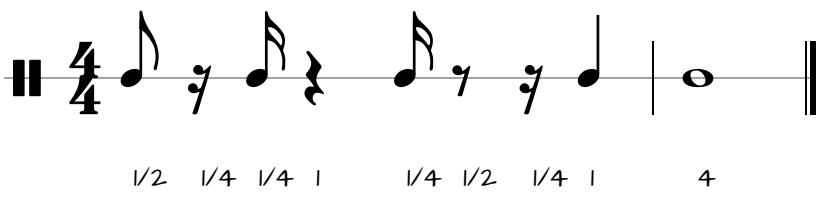

C — Note and Rest Lengths (4 Qs, 2 pts each)

Now do the same with a mixture of notes and rests.

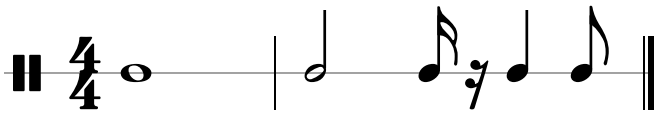

Example

Example

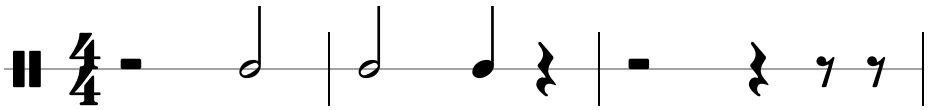

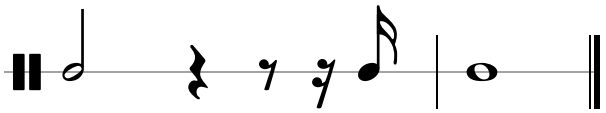

Example: 1/2 1/4 1/4 1 1/4 1/2 1/4 1 4

Question 1

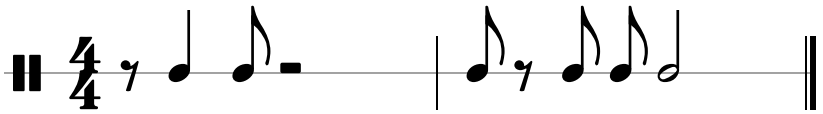

Question 2

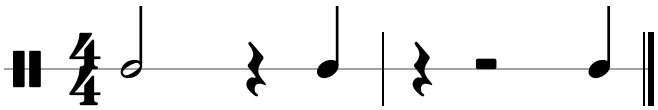

Question 3

Question 4

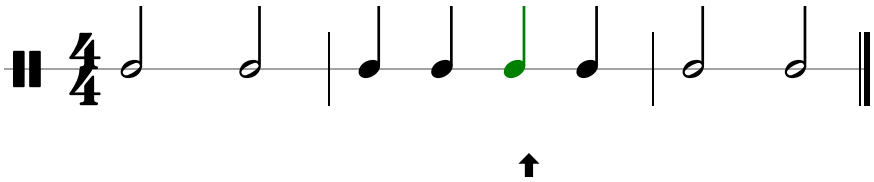

D — Find the Missing Note Value (6 Qs, 1 pt each)

Each of the following rhythms has one measure with a note missing, which has been indicated with an arrow. **Click the rhythmic value (possibly with one or more dots afterwards) that completes the measure.** Each gap should be completed with a single rhythmic value, not multiple, so think of what rhythm will fill in the whole gap in each measure. Hit the backspace/undo button if you make a mistake.

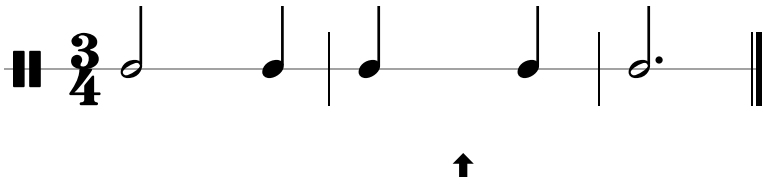

If you are correct, you will hear the whole rhythm played.

Example

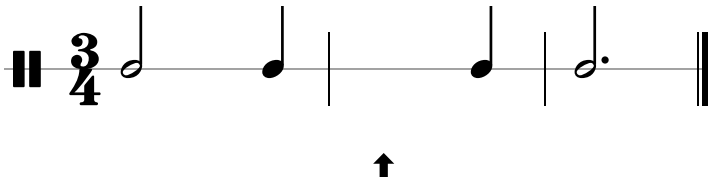

Example
